Friday evening - Saturday morning

Join us for Tenfold's Camp Out where we can come together as a community and enjoy an evening of activities while raising awareness and support for all of Tenfold's services through the ExtraGive.

The average low in Lancaster on November 18 is 33°F which may be a bit uncomfortable. But we know that the Camp Out experience is exceedingly different from the situations and realities that displaced individuals and families are forced to face, every day.

Most of us know that we will have a roof over our head and aren't concerned where our next meal will come from.

By participating in Camp Out and fundraising through the ExtraGive, you will ensure that our community has access to tools and resources that will provide the peace of housing and financial security.

I'm in, what do I do now?

1. **Register** to let us know that you are planning to Camp Out with us:

www.WeAreTenfold.org/camp-out

2. Create your **personalized Fundraising Champion page**.

(After you register, instructions on how to set up your Fundraising Champion page and communication guide will be sent to you.)

3. **Personalize** and **Promote** your Fundraising Champion page. **Share** it with your friends, family, and colleagues so they know that you are participating in the Camp Out to fundraise for Tenfold through the ExtraGive on 11.18.22.

4. On 11.18.22, **share, share, share** and enjoy an evening with us as we raise funds to support individuals, families, and veterans as they conquer their housing and financial goals.

Why
your
support
matters

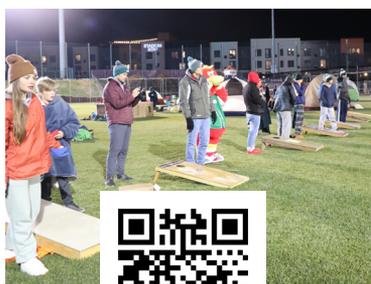

In response to being told that there would be a room available for her to stay at TLC, Tenfold's shelter, Jewelz shares:

"I started crying because I truly believed that this was it. I didn't have to suffer no more. No, nothing like I did before now. I knew it was going to be some work.

"Everything from grief counseling, to drug and alcohol counseling, to budget management, to school, to working on a consistent basis to learning how to [save], like I didn't know how to do none of those things."

Jewelz continues, "And I felt like it was a way of paying it forward because I know for a fact that I wouldn't have been able to do this without them. Because of TLC, you know, I graduate in December [with a] major in social science. I'm going to school to be a drug and alcohol counselor.

"The same shelter that I lived at, I work there, and I've been there for the last five and a half years. My goal is to give it back, you know, because if it wasn't for people helping me, I wouldn't even be here talking to you today."
